TEXT: This course will use student and professor selected research and readings relevant to early childhood education and developmentally appropriate kindergarten instruction.

CATALOG DESCRIPTION:
Kindergarten Education and Practicum: (three hours) A study of appropriate educational practices and programs in kindergarten with an emphasis on national and state early childhood standards. The class includes class seminars and observations and teaching experiences in a kindergarten classroom. Prerequisites: EDR 308 and 311 and admission to teacher education (red card). *ADMISSION TO TEACHER EDUCATION RED CARDS WILL BE CHECKED.

COURSE DESCRIPTION AND RATIONALE:
This course is designed to provide an in-depth study of developmentally appropriate kindergarten curriculum and organization as stated in international (*ACEI), national **(NAEYC) *** (InTASC), and Common Core State Standards, in addition to those related to early childhood education. Class sessions and observing and teaching in kindergarten environments are designed to help prepare university students to function effectively in the kindergarten classroom. Emphasis is placed on understanding and meeting the needs of kindergarten children as evidenced through actual work in a kindergarten classroom.

* (ACEI) Association for Childhood Education International
**(NAEYC) National Association for the Education of Young Children
*** (InTASC) Interstate New Teacher Assessment and Support Consortium

LEARNING OUTCOMES:
Upon completion of this course, the student will exhibit:

1.0 an understanding of the development of early childhood education and current and best practices based on state, regional, national and international standards with emphasis on guidelines of various groups, such as the Association of Childhood Education International (ACEI), the National Association for the Education of Young Children (NAEYC), Southern Early Childhood Association (SECA) and the Mississippi Early Childhood Association (MECA) as those standards and guidelines relate to curriculum development and correlate to the Mississippi Kindergarten Curriculum. (ACEI Standard 1, 2, 3, 4, 5; InTASC Principles # 1, 2, 3, 5, 8, 9, 10; NAEYC Standards # 1, 2, 3, 4, 5).

2.0 an understanding of the purpose and need for early childhood education and the importance of the value of play activities as the major method through which young children learn. (InTASC Principles # 1, 2, 4, 5, 6.; ACEI Standards 1, 3.1; NAEYC Standards # 1, 2, 3.)
3.0 a practical working knowledge regarding the development of the curriculum for early childhood programs with emphasis on national, regional and Mississippi Kindergarten Curriculum standards. (ACEI Standards 1, 2, 3, 4, 5; InTASC Principles # 1, 2, 4, 6, 7, 8, 9; NAEYC Standards # 1,3, 4).

4.0 an understanding of the physical, social, emotional, and cognitive development of young children and how the total development of children should be reflected in curriculum development and practical application. (ACEI Standards 1, 2, 3; InTASC Principles # 2, 3, 10; NAEYC Standards # 1, 3, 4).

5.0 the ability to select appropriate equipment and supplies for an early childhood program based on state, regional and national guidelines during the field-based experience. (ACEI Standards 1, 2, 3; InTASC Principles # 1, 2, 3, 5; NAEYC Standards # 1, 4).

6.0 the ability to design an early childhood physical facility for both inside (classroom) and outside space. (ACEI Standards 1, 3.1, 3.2, 3.3, 3.4, 3.5; InTASC Principles # 1, 5, 7, 9, 10; NAEYC Standard # 4)

7.0 the ability to provide appropriate interdisciplinary learning experiences for all young children including exceptional and culturally diverse populations. (InTASC Principles # 2, 3, 5, 9, 10; ACEI 1, 3.1, 3.2; NAEYC Standards # 1, 3, 4).

8.0 an understanding of the value of parent and community involvement as a vital component of the daily curriculum. (ACEI Standards 1, 5.3, 5.4; InTASC Principles # 2, 5, 7, 9, 10; NAEYC Standards # 2, 3, 4)

COURSE REQUIREMENTS:

1.0 Attend all class sessions as scheduled.

2.0 Read and actively participate in the discussions of assigned topics and self-selected articles for class assignments.

3.0 Complete 25 hours of observation and related assignments in a selected kindergarten classroom and turn in the observation verification form signed by supervising kindergarten teacher. NOTE: Each student will be assigned a two-hour observation (minimum) of a kindergarten teacher at Oak Grove Primary School. Your hours of observation at Oak Grove may be included in your total hours; however, the Oak Grove Kindergarten Teacher must sign and date your verification form. You must include a separate, typed reflection of your observation in the Oak Grove kindergarten classroom and submit it on D2L.

4.0 Keep a SUMMARY journal (reflection) of your time in the kindergarten
classroom. Include: (a) observations of what the children were doing in group times, learning centers, etc.; (b) information concerning teacher – student interactions; (c) information concerning selected case study student; and (d) how you helped the teacher with all the students. This journal is NOT a day by day journal. Specific guidelines will be provided and you are to respond to those guidelines. You will write an observation summary based on the 10 point guidelines AND you will write a general reflection of your entire observation experience. Bring journal to class to share reflections.

5.0 Write a child-observation case study report, using a selected student. Ask the classroom teacher to help you choose a child who has some type of disability (physical, learning, social, emotional, etc.). Do NOT use the student’s last name in writing your case study. Specific guidelines will be provided.

6.0 Develop and conduct at least one group-time/big-book activity in the kindergarten classroom. This activity must be based on objectives from the Common Core State Standards, and should be related to your bulletin board and one-week unit theme. This activity should be practiced in the EDU 440 class (see due date in syllabus). You may not have time to present your entire lesson to your peers but the professor expects each student to “talk” about the lesson and teach your “hook” (song/poem/finger play, etc.) as part of your in-class presentation. Place a copy of your CORRECTED lesson plan on D2L (under the discussion section) for all EDU 440 classmates AFTER your plan has been graded by the professor. After presentation to peers, schedule a time with your chosen kindergarten classroom teacher to present the group time/big book activity to the children. This group-time activity should consist of telling or reading a story to the kindergartners, AND teaching a song, poem and/or a finger play, etc., which has the same theme. Make a video, CD or DVD of your lesson and complete the self-evaluation form which will be provided. The video/CD/DVD will be submitted to your instructor in class and the form will be submitted in D2L. The video, CD or DVD will not be returned to you; it will be kept by the department for archive purposes.

Have your supervising kindergarten teacher evaluate your teaching with the evaluation form provided and return it to the professor in class within three days after the lesson is presented. The summative assessment is due at that time also and should be submitted on D2L.

7.0 Develop and conduct a small group/learning center phonemic awareness activity. This activity should be practiced in the EDU 440 class (see due date in syllabus). Submit your lesson plan on the discussion board in D2L for all EDU 440 classmates AFTER your plan has been graded by the professor. After presentation to peers, schedule a time to present it to your selected kindergarten classroom.
Have your supervising kindergarten teacher evaluate your teaching with the evaluation form provided and return it to the professor in class within three days after the lesson is presented. The summative assessment is due at that time also and should be submitted on D2L.

8.0 Write a **one-week unit** based on an appropriate topic approved by the professor. A detailed rubric will be provided. NOTE: Don’t procrastinate!! Start planning now!!

9.0 As part of the one-week unit, each student will prepare TWO developmentally appropriate, **teacher-made learning activities/games** that relate to the unit theme and are relevant to specific objectives within the unit. Those two games will be presented during the informal unit presentations in class on the due date listed in this syllabus. Suggestions include: file folder games, “envelope” games, hands-on object games, etc.).

10.0 Students should choose their one-week unit themes within the first two weeks of the course and develop an instructive and interactive bulletin board that relates to the self-selected unit theme/topic. Each student will be assigned a bulletin board space in the Fairchild Building or the Lorena Roseberry Smith Building. Bulletin boards must be completed and displayed in the assigned space by the professor’s deadline. Guidelines will be provided. NOTE: Your bulletin board should be included in your unit as a way to introduce your theme. **Assistant teacher** will take picture documentation of all bulletin boards and place in portfolio. The instructor will have two assigned visits to the assistant teachers’ schools and classrooms.
EVALUATION CRITERIA:

Class Meetings 150 points
   Attendance and punctuality, positive attitude, attentiveness
   responsibility, cooperation, initiative, and effort (see Teacher Dispositions Sheet).
Research Articles (Choose 6 of 10 possible topics) 90 points
   Turned in by due date, use of correct APA citation, grammar,
   spelling and adherence to professor’s article format
Bulletin Boards (Picture Documentation) 50 points
Reflection of Field Trip to Petal Center for Family & Children 10 points
Reflection of Visit to Oak Grove (2 hours) 10 points
Observation/teaching hours (25) and observation/summary/reflection journal 175 points
Case Study 25 points
Written Lesson Plan for Group time/Big Book Lesson 50 points
Video/CD/DVD (and self-evaluation) 30 points
Kindergarten Teacher’s Evaluation of Group time/Big-book Lesson 50 points
Written Lesson Plan for Phonemic Awareness Lesson 50 points
Kindergarten Teacher’s Evaluation of Phonemic Awareness Lesson 50 points
Two teacher-made learning activities/games relevant to unit (30 points each) 60 points
One-week unit (final project/exam) and Portfolio 200 points

Total 1000 points

All assignments must be typed and original rubric/checklist must be followed for each assignment.

Points will be deducted from any assignment that is turned in after the professor’s deadline. **No points will be given for assignments turned in more than one week after the due date unless special provisions (due to a severe emergency) have been made in writing between the student and the professor. ALL assignments must be turned in by the final class meeting or no points will be given. No late assignments will be accepted after the final class meeting or during final exams.**

NOTE: Be careful to do your best in this course since you will not be able to student teach until you have successfully completed EDU 440.

TK20 Subscription Information for Undergraduate and Graduate Students

This is a great time to be at William Carey University. The State of Mississippi and all of its institutions of higher learning are committed to advancing excellence in education on campuses and across the state’s schools. Our research expertise and well-prepared graduates will play an even larger role in leading Mississippi’s children to excellence. In order to achieve this goal, we must systematically and regularly assess our progress and use the data we collect to inform where we focus our efforts to improve. Also each graduate teacher (B.S., B.M.E, B.A., M.Ed., and Ed.S.) will employ a comprehensive portfolio tool, TK20.

To help us in this effort, we have purchased TK20, a comprehensive system that will provide all of us with a rich set of tools to manage our growth, improve our processes, and make tasks easier. The TK20 system will allow you to:

1. Build your course and performance artifacts electronically online. Your artifacts will stay with you so you can use them for years - up to 7 years upon purchase. This will be a great benefit to you as you seek to advance in your education career and build your career portfolio over time. TK20 connects to the larger world of educators across the nation.

2. Create electronic portfolios for documenting your work for presentation to faculty and prospective employers. Many school districts now expect electronic portfolios. The Mississippi Department of Education will be instituting an artifact portfolio annual review beginning in 2012 for all Mississippi educators. Instead of burdening your principal with paper artifacts, this system will allow you to store your portfolio on the Internet, including units, test data, teaching artifacts, etc.

3. Have a fully documented record of artifacts from your university classes and school.

Additionally the TK20 system will help us serve you better by providing instant data for advising and program improvement.

Students are to purchase a TK20 account by going to http://TK20.wmcarey.edu and clicking on "click here to purchase a student account,” then follow the prompts. After purchasing your TK20 account, TK20 will email your log-in information and further instructions.

Your TK20 Account should be activated (purchased) by the end of the second week of classes. You will then begin exploring the system and its portfolio features. Make sure to get oriented to the system and complete the assignment your instructor will use for your key assessment.

On-line training materials have been organized to orient you to TK20. To access the on-line tutorials, go to http://TK20.wmcarey.edu, and press the tutorials button.

Please contact your program manager, Ms. Reggie Withers, for additional information and support (601-318-6088).
We do understand that a university education requires a significant investment of time and resources and we are committed to helping you achieve the greatest return on your investment. We have spent a considerable amount of time finding the best system to meet your needs and ours. As you become familiar with the system and realize it’s potential and benefits, I am sure that you will be pleased.
