** Results for all Business Administration majors including all concentrations.

Calculations for Measures

MEASURE	DESCRIPTION AND HOW IT WAS CALCULATED
Persistence	Percentage of students not earning a degree who were enrolled in Fall 2022 and also enrolled in Fall 2023. This measure is calculated using the following formula: $\frac{\text{The number of students enrolled in the program in both the Fall 2022 and Fall 2023 trimesters}}{[(\text{The number of students enrolled in Fall 2022}) - (\text{The number of students who earned a degree in the 2022-2023 academic year})]}$
