# Iris: WCU Student Health

William Carey University students and faculty will now be able to schedule appointments in Iris for this new immediate care department serviced by Hattiesburg Clinic providers.

Try It Out

1. Download the **MyChart** app and sign in to your account with Iris Hattiesburg Clinc/Forrest Health.
2. In MyChart, click the **Visits** button. Then click **Schedule an appointment**.
3. Below **What type of appointment would you like to schedule?** choose **William Carey University Student Health.**
4. You must answer **Yes** to the question, **Are you a William Carey University student or employee?**, in order to continue with scheduling the appointment.
5. Select an appointment time from the available times.
6. Before completing scheduling, briefly state a reason for your appointment. Then click **Schedule**.
7. Prior to the appointment, click **eCheck-in** to update and/or complete necessary information.

   Make sure any questions with a are answered in order to continue.

8. Turn on Appointment Arrival to automatically be checked in when you arrive for your appointment.
   a. Click on your picture icon in the MyChart app. Then select **Account Settings**.
   b. Scroll down to **Appointment Arrival** and slide the button to the right to turn on.
   c. Select **Turn on Appointment Arrival** to make sure the setting is enabled on your phone.
   d. When you arrive at the clinic, you will receive a notification on your phone that you have been checked in and can wait to be seen.
